Why Critical Illness Insurance?

- People are living longer due to healthier lifestyles and advances in medical science resulting in a greater number of people surviving illnesses that were once fatal. While we are being at the odds, an alarming number of Canadians will suffer a critical illness in their lifetime. For example:
- 1 in 9 women will develop breast cancer
- 1 in 21 women will develop lung cancer
- 1 in 8 men will develop prostate cancer
- 1 in 11 men will develop lung cancer
- 1 in 3 will develop a form of life threatening Cancer
- 3 of 4 families will be affected by Cancer
- 30% of those with Cancer are completely cured
- 1 in 2 will contract some form of heart disease
- 95% of Heart Attack victims survive the first attack
- 1 in 20 run the risk of having a Stroke before 70
- 75% of Stroke victims survive the first Stroke
- 1 in 4 will develop Kidney Disease

Having survived a critical illness, many people are unable to quickly return to work and are in need of ongoing medical attention or other care. Until recently, coverage for such needs wasn't available and while disability insurance provides income protection, it doesn't adequately provide financial assistance for expenses such as:

- Convalescence
- Transportation
- Home Modification
- Supplementary Income
- Home Care
- Pension Supplement
- Dependent Care
- Medical Expenses (not covered by government or private health plans)

Solution

Chubb Life Insurance's SPECTRUM Critical Illness program was developed to address these needs and alleviate some of the stress and financial burden resulting from a critical illness.
