This booklet describes the principal features of the group benefit plan sponsored by your employer, but **Group Policy Nos. 158496, 158497 and 157493** issued by Great-West Life are the governing documents. If there are variations between the information in the booklet and the provisions of the policies, the policies will prevail.

This booklet contains important information and should be kept in a safe place known to you and your family.

**The Plan is underwritten by**

## **Protecting Your Personal Information**

At Great-West Life, we recognize and respect the importance of privacy. When you apply for coverage or benefits, we establish a confidential file of personal information. We limit access to personal information in your file to Great-West Life staff or persons authorized by Great-West Life who require it to perform their duties, to persons to whom you have granted access, and to persons authorized by law.

We use the personal information to administer the group benefit plan under which you are covered. This includes many tasks, such as:

- determining your eligibility for coverage under the plan
- enrolling you for coverage
- assessing your claims and providing you with payment
- managing your claims
- verifying and auditing eligibility and claims
- underwriting activities, such as determining the cost of the plan, and analyzing the design options of the plan
- preparing regulatory reports, such as tax slips

We may exchange personal information with your health care providers, your plan administrator, other insurance or reinsurance companies, administrators of government benefits or other benefit programs, other organizations, or service providers working with us when necessary to administer the plan.

All claims under this plan are submitted through you as plan member. We may exchange personal information about claims with you and a person acting on your behalf when necessary to confirm eligibility and to mutually manage the claims.

The personal information in your file will be kept in the offices of Great-West Life or in the offices of an organization authorized by us. You may request to review or correct the personal information in your file. A request to review or correct your file should be made in writing and may be sent to any of Great-West Life's offices or to our head office at:

The Great-West Life Assurance Company  
Attn: Group Compliance  
P.O. Box 6000  
Winnipeg, MB R3C 3A5

Claims submissions should not be sent to this address. Please use the address on the claim form or contact your plan administrator for details.

For more information about our privacy guidelines, please ask for Great-West Life's ***Privacy Guidelines*** brochure.

## INFORMATION ABOUT YOUR FLEX PLAN

- Option changes and changes in amounts of optional life insurance take effect each December 1<sup>st</sup>, unless the change results from a change in life status. If it does, the option change will take effect on the date the application for the change is made, as long as it is made within 31 days of the status change. Otherwise, the change will not take effect until the following December 1st.

**Note:** For health and dental coverage, you can only move up or down one option level at a time. If you choose healthcare or dentalcare options 1, 2 or 3 you are locked in at that level for 1 year. If you choose healthcare or dentalcare options 4 or 5 you are locked in at that level for 2 years. You are locked into visioncare options 2, 3 and 4 for 2 years. These restrictions are waived if you are changing options because of a life status change.

For all increases in optional life insurance (whether as a result of a life status change or otherwise), you must provide proof of insurability and your application for the increase must be approved by Great-West Life.

- if you experience a change in life status during a plan year that affects your coverage needs, you may make changes to your benefit options that directly relate to your status change within 31 days of the change without waiting for the next December 1st re-enrollment period. Any of the following is considered a change in life status:
  - acquiring your first dependent (spouse or child)
  - involuntary loss of similar coverage through your spouse's group benefit program (for example, because of a change in your spouse's employment status)
  - death of your spouse or only child
  - your spouse or only child ceasing to qualify for coverage (for example, through divorce or your child's attainment of a limiting age – see Dependent Coverage in this booklet)

**Note:** See your administrator for details no later than 31 days after a change in life status occurs. Certain conditions apply.

## COMMENCEMENT AND TERMINATION OF COVERAGE

Your administrator will advise you of the applicable waiting period for Long Term Disability (LTD) Income Benefits. You are eligible for all other benefits after 3 months of continuous employment. You are considered continuously employed only if you satisfy the actively at work requirement throughout the eligibility waiting period.

- You and your dependents will be covered as soon as you become eligible.

You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Great-West Life, you and your dependents may be required to provide evidence of insurability acceptable to Great-West Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Temporary, part-time and seasonal employees may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. Your employer will provide you with details.

### Survivor Benefits

If you die while your coverage is still in force, the health and dental benefits for your dependents will be continued for a period of 2 years or until they no longer qualify, whichever happens first.

## DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.
- Your unmarried children under age 21, or under age 25 if they are full-time students.

**Note:** If you are a Quebec resident, full-time students are covered for prescription drug benefits until age 26.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

## EMPLOYEE BASIC LIFE INSURANCE

You may name a beneficiary for your life insurance and change that beneficiary at any time by completing a form available from your employer. On your death, your employer will explain the claim requirements to your beneficiary. Great-West Life will pay your life insurance benefits to your beneficiary.

- Your life insurance terminates when you reach age 70.
- You are entitled to waiver of premium benefits after you have been continuously disabled for 120 days. You will be considered disabled during the period you are entitled to receive Long Term Disability benefits.
- If any or all of your insurance terminates on or before your 65<sup>th</sup> birthday, you may be eligible to apply for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.

## OPTIONAL LIFE INSURANCE

Optional Life Insurance allows you to choose additional coverage for yourself and your spouse. Check the **Benefits At A Glance** for the amount of Optional Life Insurance available. When you apply for Optional Life Insurance, you must provide proof of your insurability, and your application must be approved by Great-West Life. If you or your spouse die within two years after applying for Optional Life Insurance, Great-West Life has the right to verify any medical information you or your spouse provided. If any inconsistencies are discovered, the claim will be denied and any premiums paid will be refunded.

You may name a beneficiary for your optional life insurance and change that beneficiary at any time by completing a form available from your employer. On your death, Great-West Life will pay your life insurance to your beneficiary. If your spouse dies you will be paid the amount for which he or she was insured. Your employer will explain the claim requirements.

- If you are approved for waiver of premium on your basic life insurance, any optional life insurance for yourself or your spouse will also continue without premium payment as long as your basic life insurance continues but not beyond the date your optional insurance would otherwise terminate.
- If your or your spouse's optional life insurance terminates, you or your spouse may be eligible to apply for an individual conversion policy without providing proof of insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.
- Your optional life insurance terminates when you reach age 65. Your spouse's coverage terminates at the same time, or when he or she reaches age 65 or is no longer your spouse, whichever comes first.

### Limitation

No benefit is paid for suicide within the first two years of initial or increased optional life coverage. In such a situation, Great-West Life refunds the premiums that have been received.

**ACCIDENTAL DEATH, DISMEMBERMENT AND  
SPECIFIC LOSS (AD&D) INSURANCE**

If you suffer one of the losses listed below as the result of an accident which occurs while you are insured, Great-West Life will pay up to two times the Principal Sum. The loss must occur no later than 365 days after the accident. For loss of use, the loss must be continuous for 365 days.

<b>Loss</b>	<b>Amount Payable</b>
Life	Principal Sum
Both hands or both feet	Principal Sum
Sight of both eyes	Principal Sum
One hand and one foot	Principal Sum
One hand and sight of one eye	Principal Sum
One foot and sight of one eye	Principal Sum
Speech and Hearing in both ears	Principal Sum
One arm or one leg	3/4 Principal Sum
One hand or one foot or sight of one eye	1/2 Principal Sum
Speech	1/2 Principal Sum
Hearing in both ears	1/2 Principal Sum
Thumb and index finger or at least 4 fingers of one hand	1/4 Principal Sum
All toes of one foot	1/8 Principal Sum

**Loss of Use**

Both arms and both legs (quadriplegia)	2 X Principal Sum
Both legs (paraplegia)	2 X Principal Sum
One arm and one leg on the same side of the body (hemiplegia)	2 X Principal Sum
One arm and one leg on different sides of the body	Principal Sum
Both arms or both hands	Principal Sum
One hand and one leg	Principal Sum
One leg or one arm	3/4 Principal Sum
One hand	1/2 Principal Sum

Your AD&D insurance terminates when you reach age 70.

AD&D Insurance will be continued without further premium payment during any period your Life Insurance is being continued under the waiver of premium benefit. Your insurance under this waiver of premium will terminate automatically when this benefit terminates.

**Surgical Reattachment**

If you suffer the loss of a limb that is surgically reattached, Great-West Life will pay 50% of the amount that would have been payable if the loss had been permanent, regardless of the amount of use regained. The balance of the benefit will be payable if the reattachment fails and the reattached part is removed within one year after the reattachment was performed.

## **Repatriation**

If you die as the result of an accident that is at least 150 kilometres away from your home, Great-West Life will pay up to \$2,500 for the preparation and transportation of your body to the place of burial or cremation less any amounts paid under this plan's global medical assistance benefit.

## **Educational Benefit for Dependent Children**

If benefits are payable under this benefit provision for your death, Great-West Life will pay the tuition fees for enrolling your dependent children as full-time students at a post-secondary institution. To qualify for an educational benefit, a dependent child must have been enrolled as a full-time student at a post-secondary institution at the time of the accident causing your death, or he must have been enrolled as a full-time student at the secondary school level at the time of the accident causing your death and enrolls as a full-time student at a post-secondary institution within 365 days after the accident.

Great-West Life will pay up to 5% of the Principal Sum, or \$5,000, whichever is less, for each year of full-time post-secondary school enrolment. Great-West Life will pay the educational benefit each year for a maximum of 4 consecutive years upon receipt of proof of full-time enrolment.

No benefits will be paid for tuition expenses incurred before the accident, or room or board or other ordinary living, travelling, or clothing expenses.

## **Family Transportation Benefit**

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Great-West Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Benefits for lodging are limited to moderate quality accommodation for the area of hospitalization. Telephone expenses and taxicab and car rental charges are included. Meal expenses are not covered.

Transportation expenses are limited to round trip economy class transportation. If a private vehicle is used, expenses are limited to \$.20 per kilometre travelled.

## **Occupational Training Benefit for Spouses**

If benefits are payable under this benefit provision for your death, Great-West Life will pay for expenses associated with your spouse's enrolment in an accredited occupational training program. The purpose of the training program must be to provide the spouse with at least the minimum qualifications required for employment in an occupation for which the spouse would not otherwise qualify.

Great-West Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

## **Educational Benefit**

If benefits are payable under this benefit provision for an injury that requires you to change occupations, Great-West Life will pay the tuition fees for enrolling you as a student at a post-secondary institution for training in a new occupation. To qualify for an educational benefit, you must enrol at a post-secondary institution within 365 days after the accident. Great-West Life will pay up to \$10,000.

No benefits will be paid for tuition expenses incurred before the accident, expenses incurred more than 2 years after the accident causing the injury, or room or board or other ordinary living, travelling, or clothing expenses.

## **Wheelchair Benefit**

If benefits are payable under this benefit provision for an injury that requires the use of a wheelchair for you to be ambulatory, Great-West Life will pay for alterations to your principal residence to make it wheelchair accessible and habitable, and modifications to a motor vehicle you use to make it accessible to and driveable by you.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

Great-West Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's healthcare benefit, up to \$10,000 for all home and vehicle modifications combined.

No benefits will be paid for expenses incurred more than 365 days after the accident, or for subsequent alterations to your home or vehicle after an initial claim for benefits has been made under this wheelchair benefit provision.

## **Limitations**

The Principal Sum is the maximum amount that will be paid for all injuries resulting from the same accident. For paraplegia, hemiplegia, and quadriplegia, the maximum amount that will be paid for all injuries resulting from the same accident is two times the Principal Sum.

No benefits are paid for injury or death resulting from:

- Intentionally self-inflicted injury or suicide
- Viral or bacterial infections, except pyogenic infections occurring through the injury for which loss is being claimed
- Any form of illness or physical or mental infirmity
- Medical or surgical treatment, except surgical reattachment
- War, insurrection or voluntary participation in a riot
- Service in the armed forces of any country
- Air travel serving as a crew member, or in aircraft owned, leased or rented by your employer, or air travel where the aircraft is not licensed or the pilot is not certified to operate the aircraft

## **How to Make a Claim**

- To claim benefits for yourself, ask your employer for a claim form. Complete it and return it to your employer.
- If you die accidentally, your employer will explain the claim requirements to your beneficiary.
- Claims should be submitted as soon as possible, but no later than 15 months after the loss.

## LONG TERM DISABILITY (LTD) INCOME BENEFITS

The plan provides you with regular income to replace income lost because of a lengthy disability due to disease or injury. Benefits begin after the waiting period is over and continue until you are no longer disabled **as defined by the policy**, or for up to 24 months for Option 1, or until you reach age 65 for all other options, whichever comes first. Check the **Benefits At A Glance** for the benefit amount and waiting period.

- If disability is not continuous, the days you are disabled can be accumulated to satisfy the waiting period as long as no interruption is longer than 2 weeks and the disabilities arise from the same disease or injury.
- LTD benefits are payable for the first 24 months for Options 1, 2 and 3, and for the first 36 months for Option 4, following the waiting period if disease or injury prevents you from performing the essential duties of your regular occupation, **and**, except for any employment under an approved rehabilitation plan, you are **not** employed in any occupation that is providing you with income equal to or greater than your amount of LTD insurance under this plan, as shown in the Benefits At A Glance.
- After 24 months for Option 2 and 3, after 36 months for Option 4, LTD benefits will continue only if your disability prevents you from being gainfully employed in any job. Gainful employment is work you are medically able to perform, for which you have at least the minimum qualifications, and which provides you with an income of at least 60% of your indexed monthly earnings before you became disabled.
- Loss of any license required for work will not be considered in assessing disability.
- After the waiting period, separate periods of disability arising from the same disease or injury are considered to be one period of disability unless they are separated by at least 6 months.
- Because your employer contributes to the cost of LTD coverage, benefits are taxable.
- Your LTD insurance terminates when you reach age 65.

### Other Income

Your LTD benefit is reduced by other income you are entitled to receive while you are disabled. Your benefit is first reduced by:

- disability or retirement benefits you are entitled to on your own behalf under the Canada Pension Plan or Quebec Pension Plan
- benefits under any Workers' Compensation Act or similar law
- employer sponsored short term disability or sick leave benefits
- loss of income benefits under an automobile insurance plan, to the extent permitted by law
- 50% of earnings received from an approved rehabilitation plan

There is a further reduction of your LTD benefit if the total of the income listed below exceeds 80% of your indexed monthly earnings before you became disabled. If it does, your benefit is reduced by the excess amount.

- your income under this plan
- benefits another member of your family is entitled to on the basis of your disability under the Canada Pension Plan or Quebec Pension Plan that are paid directly to you
- loss of income benefits available through legislation, except for Employment Insurance benefits and automobile insurance benefits, which you or another member of your family is entitled to on the basis of your disability
- the wage loss portion of any criminal injury award
- disability benefits under a plan of insurance available through an association
- employment income, disability benefits, or retirement benefits related to any employment except for income from an approved rehabilitation plan, or employer sponsored short term disability or sick leave benefits (termination pay, severance benefits, and any similar termination of employment benefits, including any salary paid in lieu of notice, are included as employment income under this provision)

The balance of any earnings received from an approved rehabilitation plan is not used to further reduce your LTD benefit unless that balance, together with your income from this plan and the other income listed above, would exceed your indexed monthly earnings before you became disabled. If it does, your benefit is reduced by the excess amount.

Cost-of-living increases in the other income listed above, that take effect after the benefit period starts, except for income from an approved rehabilitation plan, are not included.

### **Vocational Rehabilitation**

Vocational rehabilitation involves a work related activity or training strategy that is designed to help you return to your own job or other gainful employment, and is recommended or approved by Great-West Life. In considering whether to recommend or approve a rehabilitation plan, Great-West Life will assess such factors as the expected duration of disability, and the level of activity required to facilitate the earliest possible return to work.

### **Medical Coordination**

Medical coordination is a program, recommended or approved by Great-West Life, that is designed to facilitate medical stability and provide you with cost effective, quality care. In considering whether to recommend or approve a medical coordination program, Great-West Life will assess such factors as the expected duration of disability, and the level of activity required to facilitate medical stability.

### **Inflation Protection**

(applicable to Options 3 and 4 only)

One year after the start of your benefit period and annually after that, the then current amount payable will be adjusted to reflect increases in the Consumer Price Index, to a maximum increase of 3% in any year.

## Limitations

No benefits are paid for:

- Disability arising from a disease or injury for which you received medical care before your insurance started.

This limitation does not apply if your disability starts after you have been continuously insured for 1 year, or you have not had medical care for the disease or injury for a continuous period of 2 years ending on or after the date your insurance took effect.

- Any period after you fail to participate or cooperate in a prescribed plan of medical treatment appropriate for your condition.

Depending on the severity of the condition, you may be required to be under the care of a specialist.

If substance abuse contributes to your disability, the treatment program must include participation in a recognized substance withdrawal program.

- Any period after you fail to cooperate in applying for other disability benefits, reapplying for such benefits, or appealing decisions regarding such benefits, where considered appropriate by Great-West Life.
- Any period after you fail to participate or cooperate in an approved rehabilitation plan.
- Any period after you fail to participate or cooperate in a recommended medical coordination program.
- Any period after you fail to participate or cooperate in a required medical or vocational assessment.
- The scheduled duration of a leave of absence.

This does not apply to any portion of a period of maternity leave during which you are disabled due to pregnancy.

- Any period in which you are outside Canada. This exclusion does not apply during the first 30 days of an absence, or if Great-West Life pre-authorized the absence prior to your departure.
- Any period of incarceration, confinement, or imprisonment by authority of law
- Disability arising from war, insurrection, or voluntary participation in a riot.

## How to Make a Claim

Obtain an Employee Claim Submission Guide (form M4307B) from your employer and follow the guide's instructions. Return the completed form to your employer as soon as possible, but no later than 3 months after proof of your claim has been requested.

## HEALTHCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefits At A Glance**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefits At A Glance** for this information.

The plan covers customary charges for the following services and supplies. All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is accepted by the Canadian medical profession, it is proven to be effective, and it is of a form, intensity, frequency and duration essential to diagnosis or management of the disease or injury.

You are covered for only the healthcare benefits that apply to the option that you choose as shown in the **Benefits At A Glance**.

Except to the extent otherwise required by law, your healthcare coverage terminates when you reach age 70.

### Covered Expenses

- Ambulance transportation to the nearest centre where adequate treatment is available
- Private or semi-private room and board in a hospital in Canada

For out-of-province accommodation, any difference between the hospital's standard ward rate and the government authorized allowance in your home province is covered.

The plan also covers the hospital facility fee related to dental surgery and any out-of-province hospital out-patient charges not covered by the government health plan in your home province.

- Convalescent care for a condition that will significantly improve as a result of the care and follows a 3-day confinement for acute care
- The government authorized co-payment for accommodation in a nursing home. Residences established primarily for senior citizens or which provide personal rather than medical care are not covered.
- Home nursing services of a registered nurse, licensed practical nurse or registered nursing assistant who is not a member of your family, when services are provided in Canada, but only if the patient requires the specific skills of a trained nurse

You should apply for a pre-care assessment before home nursing begins

- Chronic care, provided in a hospital, nursing home or for home nursing care in Canada, for a condition where improvement or deterioration is unlikely within the next 12 months

- Drugs and drug supplies described below when prescribed by a physician or other person entitled by law to prescribe them, and provided in Canada. Benefits for drug expenses outside Canada are payable only as provided under the out-of-country emergency care provision.
  - Drugs which require a written prescription, including oral contraceptives
  - Injectable drugs including vitamins, insulins and allergy extracts. Syringes for self-administered injections are also covered
  - Disposable needles for use with non-disposable insulin injection devices, lancets and test strips
  - Extemporaneous preparations or compounds if one of the ingredients is a covered drug
  - Certain other drugs that do not require a prescription by law may be covered when they are prescribed. If you have any questions, contact your plan administrator before incurring the expense.

Unless the prescriber has prescribed a drug by its brand name and has specified in writing that the product is not to be interchanged, the plan will cover only the cost of the lowest priced equivalent generic drug. This does not apply to Option 5.

For drugs eligible under a provincial drug plan, coverage is limited to the deductible amount and coinsurance you are required to pay under that plan.

#### Out-of-Pocket Maximum for Quebec Residents

An out-of-pocket maximum is applied to in-province expenses for drugs listed in the *Liste de médicaments* published by the *Régie de l'assurance-maladie du Québec* if you live in Quebec (provincial formulary drug expenses). If the sum of the non-reimbursable amounts you are required to pay for provincial formulary drug expenses incurred for you and your dependent children or for your spouse in a calendar year reaches the maximum out-of-pocket level established by law, the amount payable for provincial formulary drug expenses incurred for the same individuals for the rest of the calendar year will be adjusted as follows:

1. reimbursement will be made at 100%
2. no further out-of-pocket amounts will apply

The out-of-pocket maximum does not apply to drug expenses incurred outside Quebec

- Rental or, at Great-West Life's discretion, purchase of certain medical supplies, appliances and prosthetic devices prescribed by a physician
- Custom-made foot orthotics and custom-fitted orthopedic shoes, including modifications to orthopedic footwear, when prescribed by a physician
- Hearing aids, including batteries, tubing and ear molds provided at the time of purchase, when prescribed by a physician
- Diabetic supplies prescribed by a physician: Novolin-pens or similar insulin injection devices using a needle, blood-letting devices including platforms but not lancets. Lancets are covered under prescription drugs
- Blood-glucose monitoring machines prescribed by a physician
- Diagnostic x-rays and lab tests, when coverage is not available under your provincial government plan

- Out-of-hospital treatment of muscle and bone disorders, including diagnostic x-rays, by a licensed chiropractor
- Out-of-hospital treatment of movement disorders by a licensed physiotherapist
- Out-of-hospital treatment of foot disorders, including diagnostic x-rays, by a licensed podiatrist
- Out-of-hospital services of a qualified chiropodist
- Out-of-hospital treatment by a registered psychologist or qualified social worker
- Out-of-hospital treatment of speech impairments by a qualified speech therapist
- Out-of-hospital services of a qualified massage therapist
- Out-of-hospital services of a qualified acupuncturist
- Out-of-hospital services of a licensed osteopath, including diagnostic x-rays
- Out-of-hospital services of a licensed naturopath

#### **Visioncare**

- Eye examinations, including refractions, when they are performed by a licensed ophthalmologist or optometrist, and coverage is not available under your provincial government plan
- Glasses and contact lenses required to correct vision when provided by a licensed ophthalmologist, optometrist or optician
- Laser eye surgery required to correct vision when performed by a licensed ophthalmologist

For information on available discounts on eyewear and vision care services, refer to the Preferred Vision Services section of this booklet following the Healthcare benefit.

#### **Global Medical Assistance Program**

This program provides medical assistance through a worldwide communications network which operates 24 hours a day. The network locates medical services and obtains Great-West Life's approval of covered services, when required as a result of a medical emergency arising while you or your dependent is travelling for vacation, business or education. Coverage for travel within Canada is limited to emergencies arising more than 500 kilometres from home. You must be covered by the government health plan in your home province to be eligible for global medical assistance benefits. The following services are covered, subject to Great-West Life's prior approval:

- On-site hospital payment when required for admission, to a maximum of \$1,000
- If suitable local care is not available, medical evacuation to the nearest suitable hospital while travelling in Canada. If travel is outside Canada, transportation will be provided to a hospital in Canada or to the nearest hospital outside Canada equipped to provide treatment

When services are covered under this provision, they are not covered under other provisions described in this booklet

- Transportation and lodging for one family member joining a patient hospitalized for more than 7 days while travelling alone. Benefits will be paid for moderate quality lodgings up to \$1,500 and for a round trip economy class ticket

- If you or a dependent is hospitalized while travelling with a companion, extra costs for moderate quality lodgings for the companion when the return trip is delayed due to your or your dependent's medical condition, to a maximum of \$1,500
- The cost of comparable return transportation home for you or a dependent and one travelling companion if prearranged, prepaid return transportation is missed because you or your dependent is hospitalized. Coverage is provided only when the return fare is not refundable. A rental vehicle is not considered prearranged, prepaid return transportation
- In case of death, preparation and transportation of the deceased home
- Return transportation home for minor children travelling with you or a dependent who are left unaccompanied because of your or your dependent's hospitalization or death. Return or round trip transportation for an escort for the children is also covered when considered necessary
- Costs of returning your or your dependent's vehicle home or to the nearest rental agency when illness or injury prevents you or your dependent from driving, to a maximum of \$1,000. Benefits will not be paid for vehicle return if transportation reimbursement benefits are paid for the cost of comparable return transportation home

Benefits payable for moderate quality accommodation include telephone expenses as well as taxicab and car rental charges. Meal expenses are not covered.

### **Out-Of-Country Care**

- **Emergency care** outside Canada is covered if it is required as a result of a medical emergency arising while you or your dependent is temporarily outside Canada for vacation, business or education purposes. To qualify for benefits, you must be covered by the government health plan in your home province.

A medical emergency is either a sudden, unexpected injury, or a sudden, unexpected illness or acute episode of disease that could not have been reasonably anticipated based on the patient's prior medical condition.

Emergency care is covered medical treatment that is provided as a result of and immediately following a medical emergency.

If the patient's condition permits a return to Canada, benefits are limited to the lesser of:

- the amount payable under this plan for continued treatment outside Canada, and
- the amount payable under this plan for comparable treatment in Canada plus the cost of return transportation.

No benefits are paid for:

- any further medical care related to a medical emergency after the initial acute phase of treatment. This includes non-emergency continued management of the condition originally treated as an emergency
- any subsequent and related episodes during the same absence from Canada
- expenses related to pregnancy and delivery, including infant care:
  - after the 34th week of pregnancy, or
  - at any time during the pregnancy if the patient's medical history indicates a higher than normal risk of an early delivery or complications.

- **Non-emergency care** outside Canada is covered for you and your dependents if:
  - it is required as a result of a referral from your usual Canadian physician
  - it is not available in any Canadian province and must be obtained elsewhere for reasons other than waiting lists or scheduling difficulties
  - you are covered by the government health plan in your home province for a portion of the cost, and
  - a pre-authorization of benefits is approved by Great-West Life before you leave Canada for treatment.

No benefits will be paid for:

- investigational or experimental treatment
- transportation or accommodation charges.

The plan covers the following services and supplies when related to out-of-country care:

- treatment by a physician
- diagnostic x-ray and laboratory services
- hospital accommodation in a standard or semi-private ward or intensive care unit, if the confinement begins while you or your dependent is covered
- medical supplies provided during a covered hospital confinement
- paramedical services provided during a covered hospital confinement
- hospital out-patient services and supplies
- medical supplies provided out-of-hospital if they would have been covered in Canada
- drugs
- out-of-hospital services of a professional nurse
- for emergency care only, ambulance services by a licensed ambulance company to the nearest centre where essential treatment is available

### **Limitations**

Except to the extent otherwise required by law, no benefits are paid for:

- Expenses private insurers are not permitted to cover by law
- Services or supplies you are entitled to without charge by law or for which a charge is made only because you have insurance coverage
- The portion of the expense for services or supplies that is payable by the government health plan in your home province, whether or not you are actually covered under the government health plan
- Services or supplies that do not represent reasonable treatment

- Services or supplies associated with:
  - treatment performed only for cosmetic purposes
  - recreation or sports rather than with other daily living activities
  - the diagnosis or treatment of infertility
  - contraception, other than oral contraceptives
- 
- Services or supplies not listed as covered expenses
- Extra medical supplies that are spares or alternates
- Services or supplies received outside Canada except as listed under Out-of-Country Emergency Care and Global Medical Assistance
- Services or supplies received out-of-province in Canada unless you are covered by the government health plan in your home province and Great-West Life would have paid benefits for the same services or supplies if they had been received in your home province

This limitation does not apply to Global Medical Assistance

- Expenses arising from war, insurrection, or voluntary participation in a riot
- Podiatric treatments for which a portion of the cost is payable under the Ontario Health Insurance Plan (OHIP). Benefits for these services are payable only after the maximum annual OHIP benefit has been paid
- Visioncare services and supplies required by an employer as a condition of employment

In addition under the prescription drug coverage, no benefits are paid for:

- Atomizers, appliances, prosthetic devices, colostomy supplies, first aid supplies, diagnostic supplies or testing equipment
- Non-disposable insulin delivery devices or spring loaded devices used to hold blood letting devices
- Delivery or extension devices for inhaled medications
- Oral vitamins, minerals, dietary supplements, homeopathic preparations, infant formulas or injectable total parenteral nutrition solutions
- Diaphragms, condoms, contraceptive jellies, foams, sponges, suppositories, contraceptive implants or appliances
- Fertility drugs
- Anti-obesity drugs
- Any drug that does not have a drug identification number as defined by the Food and Drugs Act, Canada
- Proprietary or patent medicines registered under the Food and Drugs Act, Canada
- Any single purchase of drugs which would not reasonably be used within 34 days. In the case of certain maintenance drugs, a 100-day supply will be covered

- Drugs dispensed by a dentist or clinic or by a non-accredited hospital pharmacy
- Drugs dispensed during treatment as an in-patient or an out-patient in a hospital
- Preventative immunization vaccines and toxoids
- Non-injectable allergy extracts
- Drugs that are considered cosmetic, such as topical minoxidil or sunscreens
- Drugs used to treat erectile dysfunction
- Drugs or drug supplies not listed in the *Liste de médicaments* published by the *Régie de l'assurance-maladie du Québec* in effect on the date of purchase or which are received out-of-province, when prescribed for a dependent child who is a student over age 24 and you are a resident of Quebec

**Note:** At age 65, if you reside in Quebec, you can choose to have basic prescription drug coverage under the *Régie de l'assurance-maladie du Québec*, rather than this plan. If you make this choice, basic prescription drug coverage will no longer be available under this plan unless you cease to reside in Quebec. This choice is irrevocable. You are considered to have made this choice if you have not advised your employer otherwise by the end of the 60-day period immediately following the date you first became eligible for basic prescription drug coverage under the *Régie de l'assurance-maladie du Québec*. Basic prescription drug coverage means the portion of drug expenses that is reimbursed under the *Régie de l'assurance-maladie du Québec*.

### **How to Make a Claim**

- Out-of-country claims (other than those for Global Medical Assistance expenses) should be submitted to Great-West Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Great-West Life Out-of-Country Claims Department immediately as your Provincial Medical Plan has very strict time limitations.

Obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. Unless you are a resident of the Territories you must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Great-West Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

If you are a resident of the Territories, you must submit your out-of-country claims to your territorial government for processing before submitting the claim to Great-West Life. When you receive your Explanation of Benefits back from the territory, please send the following to the Great-West Life Out-of-Country Claims Department (be sure to keep copies for your own records):

- a copy of the payment from your territory
- a completed Statement of Claim Out-of-Country Expenses form (form M5432)
- all required information
- copies of all original receipts

Residents of the provinces should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Great-West Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial Medical Plan portion. Your Provincial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Great-West Life's Out-of-Country Claims Department at 1-800-957-9777.

- For all other Healthcare claims, obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Great-West Life Benefit Payment Office as soon as possible, but no later than 15 months after you incur the expense.

- **For drug claims**, your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, a Health Assure check will be done. Health Assure is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

When your coverage ends, return your direct pay drug identification card to your employer.

### **PREFERRED VISION SERVICES (PVS)**

**Preferred Vision Services (PVS) is a service provided by Great-West Life to its customers through PVS which is a preferred provider network company.**

PVS entitles you to a discount on a wide selection of quality eyewear and lens extras (scratch guarding, tints, etc.) when you purchase these items from a PVS network optician or optometrist. A discount on laser eye surgery can be obtained through an organization that is part of the PVS network.

PVS also entitles you to a discount on hearing aids (batteries, tubing, ear molds, etc.) when you purchase these items from a PVS network provider.

You are eligible to receive the PVS discount through the network as long as you are enrolled for the healthcare coverage described in this booklet. You can use the PVS network as often as you wish for yourself and your dependents.

Using PVS:

- Call the **PVS Information Hotline** at **1-800-668-6444** or visit the **PVS Web site** at **www.pvs.ca** for information about PVS locations and the program
- Arrange for a fitting, an eye examination, a hearing assessment or a hearing test, if needed
- Present your group benefit plan identification card, to identify your preferred status as a PVS member through Great-West Life, at the time the eyewear or the hearing aid is purchased, or at the initial consultation for laser eye surgery
- Pay the reduced PVS price. If you have vision care coverage or communication aids coverage for the product or service, obtain a receipt and submit it with a claim form to your insurance carrier in the usual manner.

## DENTALCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefits At A Glance**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefits At A Glance** for this information.

The plan covers customary charges to the extent they do not exceed the dental fee guide level shown in the **Benefits At A Glance**. Denturist fee guides are applicable when services are provided by a denturist. Dental hygienist fee guides are applicable when services are provided by a dental hygienist practising independently.

All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is recognized by the Canadian Dental Association, it is proven to be effective, and it is of a form, frequency, and duration essential to the management of the person's dental health. To be considered reasonable, treatment must also be performed by a dentist or under a dentist's supervision, performed by a dental hygienist entitled by law to practise independently, or performed by a denturist.

You are covered for only the dentalcare benefits that apply to the option that you choose as shown in the **Benefits At A Glance**.

Your dentalcare coverage terminates when you reach age 70.

### Treatment Plan

- Before incurring any large dental expenses, or beginning any orthodontic treatment, ask your dental service provider to complete a treatment plan and submit it to Great-West Life. Great-West Life will calculate the benefits payable for the proposed treatment, so you will know in advance the approximate portion of the cost you will have to pay.

### Basic Coverage

The following expenses will be covered:

- Diagnostic services including:
  - one complete oral examination every 24 months
  - limited oral examinations once every 6 months for Option 5 and once every 9 months for all other options, except that only one limited oral examination is covered in any 12-month period that a complete oral examination is also performed
  - limited periodontal examinations once every 6 months for Option 5 and once every 9 months for all other options
  - complete series of x-rays every 24 months
  - intra-oral x-rays to a maximum of 15 films every 24 months and a panoramic x-ray every 24 months. Services provided in the same 12 months as a complete series are not covered
- Preventive services including:
  - polishing and topical application of fluoride each once every 6 months for Option 5 and once every 9 months for all other options
  - scaling, limited to a maximum combined with periodontal root planing of 12 time units each policy year for Option 5, 10 time units each policy year for all other options

A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval

- pit and fissure sealants on bicuspid and permanent molars every 60 months
- space maintainers including appliances for the control of harmful habits
- finishing restorations
- interproximal disking
- recontouring of teeth
- Minor restorative services including:
  - caries, trauma, and pain control
  - amalgam and tooth-coloured fillings. Replacement fillings are covered only if the existing filling is at least 2 years old or the existing filling was not covered under this plan
  - retentive pins and prefabricated posts for fillings
  - prefabricated crowns for primary teeth
- Endodontics. Root canal therapy for permanent teeth will be limited to one course of treatment per tooth. Repeat treatment is covered only if the original treatment fails after the first 18 months
- Periodontal services including:
  - root planing, limited to a maximum combined with preventive scaling of 12 time units each policy year for Option 5, 10 time units each policy year for all other options
  - occlusal adjustment and equilibration, limited to a combined maximum of 4 time units every 12 months

A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval
- Denture maintenance, after the 3-month post-insertion care period, including:
  - denture relines for dentures at least 6 months old, once every 36 months
  - denture rebases for dentures at least 2 years old, once every 36 months
  - resilient liner in relined or rebased dentures, once every 36 months
- Oral surgery
- Adjunctive services

## Major Coverage

- Crowns. Coverage for crowns on molars is limited to the cost of metal crowns. Coverage for complicated crowns is limited to the cost of standard crowns
- Onlays. Coverage for tooth-coloured onlays on molars is limited to the cost of metal onlays

Replacement crowns and onlays are covered when the existing restoration is at least 5 years old and cannot be made serviceable

- Standard complete dentures, standard cast or acrylic partial dentures or complete overdentures or bridgework when required to replace one or more teeth extracted while the person is covered. Overdentures and bridgework are covered only when standard complete or partial dentures are not viable treatment options. Coverage for tooth-coloured retainers and pontics on molars is limited to the cost of metal retainers and pontics. Replacement appliances are covered only when:

- the existing appliance is a covered temporary appliance
- the existing appliance is at least 5 years old and cannot be made serviceable. If the existing appliance is less than 5 years old, a replacement will still be covered if the existing appliance becomes unserviceable while the person is covered and as a result of the placement of an initial opposing appliance or the extraction of additional teeth.

If additional teeth are extracted but the existing appliance can be made serviceable, coverage is limited to the replacement of the additional teeth

- Denture-related surgical services for remodelling and recontouring oral tissues
- Denture and bridgework maintenance following the 3-month post-insertion period including:
  - denture remakes, once every 36 months
  - denture adjustments, once every 12 months
  - denture repairs and additions, tissue conditioning and resetting of denture teeth
  - repairs to covered bridgework
  - removal and recementation of bridgework

## Orthodontic Coverage

- Orthodontics are covered for children age 6 to 18 when treatment starts

## Accidental Dental Injury Coverage

- Treatment of injury to sound natural teeth. Treatment must start within 60 days after the accident unless delayed by a medical condition

A sound tooth is any tooth that did not require restorative treatment immediately before the accident. A natural tooth is any tooth that has not been artificially replaced

## Limitations

No benefits are paid for:

- Duplicate x-rays, custom fluoride appliances, any oral hygiene instruction and nutritional counselling
- The following endodontic services - root canal therapy for primary teeth, isolation of teeth, enlargement of pulp chambers and endosseous intra coronal implants
- The following periodontal services - desensitization, topical application of antimicrobial agents, subgingival periodontal irrigation, charges for post surgical treatment and periodontal re-evaluations
- The following oral surgery services - implantology, surgical movement of teeth, services performed to remodel or recontour oral tissues (other than minor alveoloplasty, gingivoplasty and stomatoplasty) and alveoloplasty or gingivoplasty performed in conjunction with extractions. Services for remodelling and recontouring oral tissues will be covered under Major Coverage
- Hypnosis or acupuncture
- Veneers, recontouring existing crowns, and staining porcelain
- Crowns or onlays if the tooth could have been restored using other procedures. If crowns, onlays or inlays are provided, benefits will be based on coverage for fillings
- Overdentures or initial bridgework if provided when standard complete or partial dentures would have been a viable treatment option.

If overdentures are provided, coverage will be limited to standard complete dentures.

If initial bridgework is provided, coverage will be limited to a standard cast partial denture and restoration of abutment teeth when required for purposes other than bridgework

If additional bridgework is performed in the same arch within 60 months, coverage will be limited to the addition of teeth to a denture and restoration of abutment teeth when required for purposes other than bridgework

Benefits will be limited to standard dentures or bridgework when equilibrated and gnathological dentures, dentures with stress breaker, precision and semi-precision attachments, dentures with swing lock connectors, partial overdentures and dentures and bridgework related to implants are provided

- Expenses covered under another group plan's extension of benefits provision
- Accidental dental injury expenses for treatment performed more than 12 months after the accident, denture repair or replacement, or any orthodontic services
- Expenses private plans are not permitted to cover by law
- Services and supplies you are entitled to without charge by law or for which a charge is made only because you have insurance coverage
- Services or supplies that do not represent reasonable treatment

- Treatment performed for cosmetic purposes only
- Congenital defects or developmental malformations in people 19 years of age or over
- Temporomandibular joint disorders, vertical dimension correction or myofacial pain
- Expenses arising from war, insurrection, or voluntary participation in a riot

### **How to Make a Claim**

Obtain form M445D from your employer. Have your dental service provider complete the form and return it to the Great-West Life Benefit Payment Office as soon as possible, but no later than 15 months after the dental treatment.

### **HEALTH CARE SPENDING ACCOUNT BENEFITS (HCSA)**

A Health Care Spending Account (HCSA) is like a bank account through which you may be reimbursed for health and dental expenses up to a predetermined annual credit amount. Your employer will provide you with annual credits at the beginning of each plan year. These credits may be used to cover expenses not covered by group health plans or to top-up expenses not fully covered by group health plans, including deductibles and co-payment amounts. Also, since annual credits are in the form of before tax dollars, the HCSA is a tax-effective way of paying for your health-related expenses.

The maximum annual payment available under your account consists of the amount of credit directed to it at the beginning of the plan year. Expenses that exceed the maximum annual payment can be carried forward and resubmitted for payment in the following plan year. Credits unused at the end of a plan year are automatically forfeited.

### **Eligibility**

You and your dependents are eligible for HCSA credits through your employer if you are covered for basic health benefits under your or your spouse's group health plan. In addition to the dependents eligible for coverage under your basic health plan, HCSA benefits are extended to a child who is no longer eligible for basic health benefits solely because of student age restrictions and to any other person for whom you are entitled to claim a medical expense tax credit under the Income Tax Act.

You may apply for HCSA account benefits within 31 days of the date you first become eligible or at your plan's annual enrolment date.

### **Termination**

Your HCSA coverage terminates when your basic health coverage terminates, when you elect to discontinue coverage (at any plan enrolment date) or when your employer discontinues the plan.

Your dependents' HCSA coverage terminates when your coverage terminates or when they no longer qualify, whichever is earlier.

## **Covered Expenses**

The Income Tax Act governs the types of expenses that can be reimbursed under the HCSA. Coverage is provided for medical, vision and dental expenses that qualify for a medical expense tax credit. For a complete list of covered expenses, contact your Canada Revenue Agency District Office and ask for Income Tax Interpretation Bulletin IT-519R.

Great-West Life will pay 100% of covered expenses that are incurred while you and your dependents are covered, up to a maximum annual payment equal to the credits in your HCSA. Expenses for medical and vision services and supplies are considered to be incurred when they are received. Dental expenses, other than orthodontic expenses, are considered to be incurred when treatment is completed. Orthodontic expenses are considered to be incurred on a periodic basis throughout the course of treatment.

## **Limitations**

No benefits are paid for:

- Expenses that private benefit plans are not permitted to cover by law
- Services or supplies you are entitled to without charge by law or for which a charge is made only because you have coverage under a private benefit plan
- Any portion of the expense for services or supplies for which benefits are payable under your basic health plan, another group plan or a government plan
- Expenses arising from war, insurrection, or voluntary participation in a riot

## **How to Make a Claim**

The HCSA will reimburse you for the balance of the expense remaining after all other insurance plans have paid out. You must first submit all claims to any government and private insurance plans under which you or any eligible dependents are covered. This is important in order to avoid an over-payment from your HCSA and possible tax consequences. Once you have received reimbursement for the expense from all other plans, you may submit a claim against the HCSA.

Any claim against the HCSA must be submitted on a special HCSA claim form. For Healthcare and Visioncare claims, use form M5431A, and for Dentalcare claims, use form M5429A. Claims against the HCSA must be submitted to the Great-West Life Benefit Payment Office within 60 days after the end of the plan year in which the expenses are incurred.

The standard GWL claim forms should be used when you do not want benefits reimbursed from your HCSA.

HCSA claims can be submitted for payment to Great-West Life only during the 60 day period December 1<sup>st</sup> to January 31<sup>st</sup> each year.

## COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
  1. the plan of the parent with custody of the child;
  2. the plan of the spouse of the parent with custody of the child;
  3. the plan of the parent without custody of the child;
  4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.

## **DIAGNOSTIC AND TREATMENT SUPPORT SERVICES (BEST DOCTORS® SERVICE)**

This service is designed to allow you, your dependents and your attending physician or specialists access to the expertise of world-class specialists, resources, information and clinical guidance.

If you or your dependents are diagnosed with a serious medical condition for which there is objective evidence, or if your physician or you or your dependent suspect you have this condition, you can access this service. This service is made up of a unique step-by-step process that may help address questions or concerns about a medical condition. This may include confirming the diagnosis and suggesting the most effective treatment plan by drawing on a global database of up to 50,000 peer-ranked specialists.

### **How it works**

- You or your dependent can access diagnostic and treatment support services by calling 1-877-419-BEST (2378) toll-free.
- You will be connected with a member advocate who will be dedicated to your case and will provide support through the process. The member advocate will take the necessary medical history and answer your questions. Any information provided is not shared with either your employer or the administrator of your health plan.
- Based on the information and questions, the member advocate determines the optimal level of service for you or your dependent.
- The member advocate may provide information, resources, guidance and advice individually tailored to meet your health needs. They can also help identify individual community supports and resources available.
- 
- If it is appropriate, the member advocate may arrange for an in-depth review of your medical file to assist in confirming the diagnosis and help develop a treatment plan. This review may include collecting, deconstructing and reconstructing medical records, pathology retesting and analyzing test results. A written report outlining the conclusions and recommendations of the specialists will be forwarded to you and your physician. On average, this process takes 6 to 8 weeks. Timeframes may vary depending on the complexity of the case and amount of medical records to collect.
- If you decide to seek treatment by a different physician, the member advocate can help identify the specialist best qualified to meet your specific medical needs. Expenses incurred for travel and treatment are not covered by this service.
- If you decide to seek treatment outside Canada, the member advocate can arrange referrals and can help book accommodations. The member advocate can also access hospital and physician discounts, arrange for forwarding of medical information and monitor the treatment process. Expenses incurred for travel and treatment are not covered by this service.

**Note:** These services are not insured services. Great-West Life is not responsible for the provision of the services, their results, or any treatment received or requested in connection with the services.
