Any drug expenses incurred for your children are part of the out-of-pocket maximum of the parent with the greater amount of expenses during the benefit year.</p>
<p>Persons age 65 or over residing in Québec</p>	<p>Unless you have indicated otherwise, once you reach age 65 you are automatically registered for the public prescription drug insurance plan of the Régie de l'assurance-maladie du Québec (RAMQ), which provides basic coverage for prescription drug costs. Given that after age 65 you continue to be eligible for a medical expense benefit under your group plan, you must make a decision in regards to your basic coverage since you can be covered by either the public plan or your group plan.</p> <p>If you opt for basic coverage under RAMQ's public prescription drug insurance plan, your group plan will then provide coverage that supplements RAMQ's basic coverage. This supplementary coverage does not replace RAMQ's basic coverage; it adds to it by covering, for example, drugs that are not reimbursed by the public plan or the portion of drug costs not reimbursed by the public plan. In this case, when you complete your tax return, be sure to indicate that you are registered for basic coverage under RAMQ's public plan. You will then have to pay the premium.</p>

On the other hand, if you opt to keep your basic coverage under your group plan, you will have to cancel your registration in the public plan by calling RAMQ or visiting one of its offices during business hours. But before you do, we recommend you contact your benefits administrator to clarify your situation. Unfortunately, we cannot change your file without confirmation from your benefits administrator.

Hospital expenses in your province

It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

We will cover emergency services while you are outside the province where you live. **For emergency services, the reimbursement level is indicated in the Benefit Summary.**

For emergency services, we will cover the cost of:

- a semi-private hospital room
- other hospital services provided outside of Canada

Emergency services

We will only cover emergency services obtained within the time limit indicated in the Benefit Summary. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established treatment program that existed before they left their home province.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

Contact us right away in an emergency!

You or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*) right away. Allianz Global Assistance must approve all invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan) before you have them.

If Allianz Global Assistance does not hear from you first, before you receive emergency services, and we determine that someone could have reasonably made contact on your behalf, Sun Life has the right to deny or limit payments for all expenses related to that emergency.

In extreme circumstances where contact with Allianz Global Assistance cannot be made before services are provided, you must contact Allianz Global Assistance as soon as possible afterwards.

An emergency ends when Allianz Global Assistance, based on available medical evidence, deems you medically stable to return to the province where you live.

Emergency services excluded from coverage

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Dental Care

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable expenses**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

We will base payments on the fee guide at the time the person receives the treatment.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis

We will pay the benefit that would have been payable under this plan for a tooth supported crown or a non-implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant.

All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service

It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.

Claiming when the expense is incurred

You must claim an expense for the benefit year in which you incur the expense.

The benefit year is indicated in the Benefit Summary.

You incur an expense on the date your dentist performs a single appointment procedure.

For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

Reimbursement level

Claims will be paid up to the reimbursement level under this plan.

For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.

Maximum benefit

Maximums are indicated in the Benefit Summary.

Getting an estimate before you have certain procedures

For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:

- you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost.
- both you and the dentist will have to complete parts of the claim form.
- we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Long-Term Disability

General description of the coverage

Long-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Long-Term Disability coverage:

- during the elimination period and the following 36 months (this period is known as the **own occupation period**), we consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own occupation, in any workplace, including in a different department or location with your employer or with another employer, and
- afterwards, we will consider you to be totally disabled while you are continuously unable due to an illness to perform any occupation, providing at least 60% of your pre-disability basic earnings, for which you are or may become reasonably qualified by education, training or experience.

The availability of work with any employer does not affect the determination of total disability.

We pay these benefits at the end of each month. We base them on your coverage on the date you became totally disabled.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin	<p>Your Long-Term Disability payments begin on the later of the following dates:</p> <ul style="list-style-type: none">• after you have been totally disabled for the uninterrupted period indicated in the Benefit Summary.• after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan. <p>This period, which must be completed before disability benefits become payable is called the elimination period.</p>
What we will pay	<p>Here is how we calculate your Long-Term Disability payments. All references to benefits and payments in this disability provision are to the gross amounts before any deductions.</p> <p>Step 1: We take the maximum amount indicated in the Benefit Summary.</p> <p>Step 2: We subtract any benefits or payments provided under:</p> <ul style="list-style-type: none">• any government-sponsored plan such as the Canada Pension Plan and the Québec Pension Plan, excluding any benefits or payments on behalf of a dependent, for the same or a subsequent disability.• any Workers' Compensation Act or similar law for the same or a subsequent disability.• a motor vehicle insurance plan. <p>The result from Step 2 is the amount you will normally receive.</p> <p>Take the result you got in Step 2, add the above sources of benefits and payments plus the other sources of benefits and payments listed below and check the total you get. If it's more than 85% of your basic earnings when your disability began, we will reduce your Long-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.</p>

Other sources of benefits and payments:

- any Workers' Compensation Act or similar law for another disability.
- any Criminal Injuries Compensation Act or similar law.
- a group plan, including any coverage you have because you are a member of an association but excluding any benefits or payments provided under a Critical Illness plan.
- a retirement or pension plan funded in whole or in part by your employer, due to your disability or a medical condition.
- the Québec Parental Insurance Plan.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Long-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Long-Term Disability benefit payments when appropriate under the above provision.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date you become totally disabled.

Rehabilitation / Partial disability program

Sun Life may require you to participate in a partial disability or rehabilitation program that we have approved in writing.

This may include one or more of the following:

- consulting our rehabilitation specialist,
- part-time work,
- working in another occupation or vocational training to help you become capable of full-time employment.

During your rehabilitation program, you may receive Long-Term Disability payments plus income, benefits and payments from other sources.

However, if during any month the total of any income, benefits and payments provided is more than 100% of your basic earnings when your disability began, indexed for inflation, your Long-Term Disability payment will be reduced by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

You should consider participating in a partial disability or rehabilitation program as soon as possible after becoming disabled. If you enter a partial disability or rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Your participation in a partial disability program will be limited to the own occupation period.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

What you are responsible to do

During your total disability, you must make reasonable efforts to do all of the following. If you do not, Sun Life may hold back or discontinue benefits.

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 36 months that benefits are payable.
- receive training to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 36 months that benefits are payable.
- try to get work in another occupation after the first 36 months that benefits are payable.
- obtain benefits that may be available from other sources.

When payments end

Your Long-Term Disability payments end **on the earlier of** the following dates:

- the date you are no longer totally disabled.
- the end of the maximum benefit period indicated in the Benefit Summary.
- the last day of the month in which you retire with a pension.
- the last day of the month in which you die.

When coverage ends

See the Benefit Summary at the beginning of this booklet to see when your coverage ends.

What is not covered

We will not pay benefits for any period where one or more of the following is true:

- you are not receiving appropriate treatment.
- you do any work for wage or profit except where Sun Life has approved it in advance.
- you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off.
- you are absent from Canada longer than 4 months due to any reason.
- you are serving a prison sentence or are confined in a similar institution.

If your coverage ends but you are covered again under this plan, we will use the latest date your coverage began when applying the above limitation.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

Waiver of premium

Long-Term Disability premiums will be waived while you are receiving Long-Term Disability benefits.
