Otherwise, every action or proceeding for the

recovery of money payable under the plan must be commenced within the time set out in the applicable legislation of your province or territory.

Coordinating your benefits with another plan

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, the maximum amount that you can receive from all plans is 100% of the total eligible expenses.

When you have more than one plan, insurance industry standards determine which plan you should claim expenses from first.

Please send in claims for you and your spouse in the following order:

- First, send in the claim to the plan where the person is covered as an associate. If the person is an associate under two plans, send the claim to the different plans in the following order:
  - to the plan where the person is covered as an active full-time associate.
  - then, to the plan where they are covered as an active part-time associate.
  - then, to the plan where they are covered as a retiree.
- Next, send the claim to the plan where the person is covered as a dependent.

Please send in claims for a child in the following order:

- First send in the claim to the plan where the child is covered as an associate.
- Then, to the plan where they are covered under a student health or dental plan through their educational institution.
- Then, to the plan of whichever parent has the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.

When you send us a claim, you must tell us about all other equivalent coverage that you or your dependents have.

Medical examination

We may require that you or your dependent have a medical examination if you make a claim. We will pay for the examination. If the person fails or refuses to have an examination, we will not pay any benefits.

Recovering overpayments

If we have overpaid any amount of benefit, we have the right to recover this money. We will:

- ask you to reimburse us,
- deduct that amount from other benefit payments, or
- recover that amount by any other legal means available.

Extended Health Care

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

Eligible expenses mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed.

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

Reasonable and customary charges mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and
- charges for services and supplies that represent reasonable treatment, considering the duration of services and how frequently services and supplies are provided.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Claiming when the expense is incurred	You must claim an expense for the benefit year in which you incur the expense. You incur an expense on the date you receive the service or purchase or rent supplies. The benefit year is indicated in the Benefit Summary. See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.
Reimbursement level	Claims will be paid up to the reimbursement level under this plan. **For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.**

Prescription drugs

Prescription drugs	We will cover the cost of the drugs and supplies that are listed in the Benefit Summary.
Quantity limit	Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.
What is not covered	We will not pay for the following, even when prescribed: • infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments. • the cost of giving injections, serums and vaccines.

	• proteins and food or dietary supplements. • hair growth stimulants. • products to help you quit smoking. • drugs for the treatment of sexual dysfunction. • drugs that are used for cosmetic purposes. • colostomy supplies • vaccines. • varicose vein injections. • natural health products, whether or not they have a Natural Product Number (NPN). • drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.
Drug evaluation	The following drugs will be evaluated and must be approved by us to be eligible for coverage: • drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017. • drugs covered under this plan and subject to a significant increase in cost. Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval. We will assess the eligibility of the drug based on factors such as: • comparative analysis of the drug cost and its clinical effectiveness. • recommendations by health technology assessment organizations and provinces. • availability of other drugs treating the same or similar condition(s). • plan sustainability.

Hospital expenses in your province

Hospital	We will cover the cost of room and board in a hospital in the province where you live, as indicated in the Benefit Summary. A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.
Convalescent hospital	We will cover the cost of room and board in a convalescent hospital, as indicated in the Benefit Summary, if this care has been ordered by a doctor and as long as it is primarily for rehabilitation, and not for custodial care. A *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. If you are totally disabled, as defined in the contract, when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

If the Extended Health Care benefit ends, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if both of the following apply:

What is not covered

We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or

program, except as described below under *Integrating with government programs*.

- implanted prosthetic or medical devices (examples of these devices are gastric lap bands, breast implants, spinal implants and hip implants).
- equipment that we consider ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools and humidifiers).
- services or supplies that are not usually provided to treat an illness, including experimental or investigational treatments as defined in the contract.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

Integrating this plan with government programs

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is the remaining portion of the expense that the government program does not pay or make available, regardless of:

- whether you have made an application to the government program,
- whether your being covered under this plan affects your ability to be eligible for or entitled to any benefits under the government program, or
- whether there are any waiting lists.

Dental Care

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable expenses**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis	We will pay the benefit that would have been payable under this plan for a tooth supported crown or a non-implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant. **All other expenses related to implants, including surgery charges, are not covered.**
If you receive any temporary dental service	It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.
Claiming when the expense is incurred	You must claim an expense for the benefit year in which you incurred the expense. The benefit year is indicated in the Benefit Summary. You incur an expense on the date your dentist performs a single appointment procedure. For procedures which take more than one appointment, you incur an expense once the entire procedure is completed. See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.
Reimbursement level	Claims will be paid up to the reimbursement level under this plan. **For each type of service listed below, the reimbursement level is indicated in the Benefit Summary**.
Maximum benefit	Maximums are indicated in the Benefit Summary.

Restriction on payments	If you apply for coverage either for yourself or your dependents more than 31 days after becoming eligible, the maximum amount we will pay is the *late applicant maximum* indicated in the Benefit Summary.
Getting an estimate before you have certain procedures	For any major treatment or any procedure that will cost more than $500, we suggest that you send us an estimate before the work is done. Here's what to expect: • you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. • both you and the dentist will have to complete parts of the claim form. • we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

- services or supplies for which no charge would have been made in the absence of this coverage.
- supplies usually intended for sport or home use, for example, mouthguards.
- procedures or supplies used in full mouth reconstructions (capping all of the teeth in the mouth), vertical dimension corrections (changing the way the teeth meet) including attrition (worn down teeth), alteration or restoration of occlusion (building up and restoring the bite), or for the purpose of prosthetic splinting (capping teeth and joining teeth together to provide additional support).
- transplants and repositioning of the jaw.
- appliances for the treatment of bruxism.
- charges related to the temporomandibular joint (TMJ) treatment.

- experimental treatments.

We will also not pay for dental work resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- teeth malformed at birth or during development.
- participation in a criminal offence.

Long-Term Disability

General description of the coverage

Long-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that confirms both of the following:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since it started.

For the purposes of your Long-Term Disability coverage:

- during the elimination period and the following 24 months (this period is known as the **own job period**), we consider you to be totally disabled while you are continuously unable due to an illness to perform the essential duties of your own job, in any workplace, including in a different department or location with your employer or with another employer, and
- afterwards, while you are continuously unable due to an illness to earn at least 60% of your pre-disability basic earnings.

The availability of work with any employer does not affect the determination of total disability.

We pay these benefits at the end of each month. We base them on your coverage on the date you became totally disabled.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

When disability payments begin	Your Long-Term Disability payments begin **on the later of** the following dates: • after you have been totally disabled for the uninterrupted period indicated in the Benefit Summary. • after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan. This period, which must be completed before disability benefits become payable is called the **elimination period.**
What we will pay	Here is how we calculate your Long-Term Disability payments. All references to benefits and payments in this disability provision are to the gross amounts before any deductions. **Step 1: We take the maximum amount indicated in the Benefit Summary.** **Step 2: We subtract any benefits or payments provided under:** • any government-sponsored plan such as the Canada Pension Plan and the Québec Pension Plan, excluding any benefits or payments on behalf of a dependent, for the same or a subsequent disability. • any Workers' Compensation Act or similar law for the same or a subsequent disability. • a motor vehicle insurance plan. • a group plan, including any coverage you have because you are a member of an association but excluding any benefits or payments provided under a Critical Illness plan. • a retirement or pension plan funded in whole or in part by your employer, due to your disability or a medical condition. • the Québec Parental Insurance Plan. **The result from Step 2 is the amount you will normally receive.**

Take the result you got in Step 2, add the above sources of benefits and payments plus the other sources of benefits and payments listed below and check the total you get. If it's more than 85% of your basic earnings when your disability began, we will reduce your Long-Term Disability payment by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

Other sources of benefits and payments:

- any Workers' Compensation Act or similar law for another disability.
- any Criminal Injuries Compensation Act or similar law.

Important to remember:

- If you are eligible for any of the benefits or payments described above and do not apply for them, we will still consider them. We can estimate those benefits and payments and use them when we calculate your Long-Term Disability payments.
- If any of the benefits or payments described above are provided in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.
- We will not take into account any benefits or payments that began before your disability began. However, increases in those benefits or payments as a result of your disability will be taken into account.
- We have the right to adjust your Long-Term Disability benefit payments when appropriate under the above provision.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability reoccurs due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability.

We will base these benefits on your coverage as it existed on the original date you become totally disabled and will pay benefits for no more than the rest of the maximum benefit period.

Rehabilitation program

Sun Life may require you to participate in a rehabilitation program that we have approved in writing.

This may include one or more of the following:

- consulting our rehabilitation specialist,
- part-time work,
- working in another occupation or vocational training to help you become capable of full-time employment.

During your rehabilitation program, you may receive Long-Term Disability payments plus income, benefits and payments from other sources.

However, if during any month the total of any income, benefits and payments provided is more than 100% of your basic earnings when your disability began, indexed for inflation, your Long-Term Disability payment will be reduced by the excess. If the benefit is non-taxable, your income after income tax is the one we use.

You should consider participating in a rehabilitation program as soon as possible after becoming disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

We will pay any expense associated with an approved rehabilitation program, other than normal employment expenses, as long as they are approved by us in writing in advance. The maximum amount during any one period of disability will be 3 times the amount of the monthly Long-Term Disability payment.

Expenses will not be covered if Sun Life notifies you in writing that the rehabilitation program is no longer approved or that it will no longer accept previously approved expenses.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

For disability benefits paid or payable prior to the date of judgment or settlement, if you recover money, you must pay us 75% of your net recovery or the total disability benefits paid or payable to you under this plan, whichever is less. For disability benefits payable after a judgment or settlement, where 75% of your net recovery exceeds the amount that we recover for past disability benefits, we have the right to deduct that excess from ongoing disability benefits. Refer to your group contract for more information.

What you are responsible to do

During your total disability, you must make reasonable efforts to do all of the following. If you do not, Sun Life may hold back or discontinue benefits.

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own job during the first 24 months that benefits are payable.
- receive training to qualify for another occupation if it becomes apparent that you will not be able to return to your own job within the first 24 months that benefits are payable.
- try to get work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

When payments end

Your Long-Term Disability payments end **on the earlier of** the following dates:

- the date you are no longer totally disabled.
- the end of the maximum benefit period indicated in the Benefit Summary.
- the last day of the month in which you retire with a pension.
- the last day of the month in which you die.

When coverage ends

See the Benefit Summary at the beginning of this booklet to see when your coverage ends.

What is not covered

We will not pay benefits for any period where one or more of the following is true:

- you are not receiving appropriate treatment.
- you do any work for wage or profit except where Sun Life has approved it in advance.
- you are not participating in an approved rehabilitation program, if required by Sun Life.
- you are on a leave of absence, strike or lay-off.
- you are absent from Canada longer than 6 months due to any reason.
- you are serving a prison sentence or are confined in a similar institution.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

Waiver of premium

Long-Term Disability premiums will be waived while you are receiving Long-Term Disability benefits.

Life Coverage

General description of the coverage

Your Life coverage provides a benefit for your beneficiary if you die while covered.

See the Benefit Summary at the beginning of this booklet to see the amount of coverage and the date coverage ends.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

Who we will pay	If you die while covered, we will pay the full amount of your benefit to your last named beneficiary on file with us. If you have not named a beneficiary, we will pay the benefit amount to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed. **Fact** If you designated a beneficiary under a previous group plan of the employer, we will apply and carry it forward to your coverage under this plan until you change it. There are different rules for designating a minor beneficiary, please refer to your contract for specific information.
Coverage during total disability	Life coverage may continue without the payment of premiums if you become totally disabled before you retire or reach age 65, whichever is earlier, as long as you are totally disabled. This continued coverage must follow the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations. **There are a number of rules and conditions in the group contract that apply to coverage during total disability. Please contact your employer for details.**

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

The request must be made within 31 days that the Life coverage reduces or ends.

Important
There are a number of rules and conditions in the group contract that apply to converting this coverage, including the maximum amount that can be converted. Please contact your employer for details.
