within one year of the date that we must receive your claim forms. Otherwise, every action or proceeding for the recovery of money payable under the plan must be commenced within the time set out in the applicable legislation of your province or territory.

Proof of disability

Coordinating your benefits with another plan

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, the maximum amount that you can receive from all plans is 100% of the total eligible expenses.

Please send in claims for you and your spouse in the following order:

- First, send in the claim to the plan where the person is covered as an associate. If the person is an associate under two plans, send the claim to the different plans in the following order:
 - to the plan where the person is covered as an active full-time associate.
 - then, to the plan where they are covered as an active part-time associate.
 - then, to the plan where they are covered as a retiree.
- Next, send the claim to the plan where the person is covered as a dependent.

Please send in claims for a child in the following order:

- First send in the claim to the plan where the child is covered as an associate.
- Then, to the plan where they are covered under a student health or dental plan through their educational institution.
- Then, to the plan of whichever parent has the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.

When you send us a claim, you must tell us about all other equivalent coverage that you or your dependents have.

Medical examination

We may require that you or your dependent have a medical examination if you make a claim. We will pay for the examination. If the person fails or refuses to have an examination, we will not pay any benefits.

Doctor	A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.
Illness	An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

Extended Health Care

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

Eligible expenses mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

Medically necessary means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

Reasonable and customary charges mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and
- charges for services and supplies that represent reasonable treatment, considering the duration of services and how frequently services and supplies are provided.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Claiming when the expense is incurred	<p>You must claim an expense for the benefit year in which you incur the expense. You incur an expense on the date you receive the service or purchase or rent supplies.</p> <p>The benefit year is indicated in the Benefit Summary.</p> <p>See the table Instructions and Time Limits for Sending Us Your Claims at the beginning of this booklet for information about when and how to make a claim.</p>
Deductible, reimbursement level and maximum benefit	<p>The deductible is the portion of claims that you are responsible for paying. After the deductible has been paid, claims will be paid up to the reimbursement level and maximum benefit under this plan.</p> <p>For each type of service listed below, the deductible and the reimbursement level are indicated in the Benefit Summary. The maximum benefit for all expenses combined is also indicated in the Benefit Summary.</p>

Prescription drugs

Prescription drugs	We will cover the cost of the drugs and supplies that are listed in the Benefit Summary.
Quantity limit	Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.

What is not covered

We will not pay for the following, even when prescribed:

- infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.
- the cost of giving injections, serums and vaccines.
- proteins and food or dietary supplements.
- hair growth stimulants.
- drugs for the treatment of infertility.
- drugs for the treatment of sexual dysfunction.
- colostomy supplies.
- vaccines.
- drugs that are used for cosmetic purposes.
- natural health products, whether or not they have a Natural Product Number (NPN).
- drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.

Drug evaluation

The following drugs will be evaluated and must be approved by us to be eligible for coverage:

- drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017.
- drugs covered under this plan and subject to a significant increase in cost.

Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval.

We will assess the eligibility of the drug based on factors such as:

- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- availability of other drugs treating the same or similar condition(s).
- plan sustainability.

Prior authorization program

The prior authorization (PA) program applies to a limited number of drugs, where you must get approval in advance for coverage under the program.

In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form. You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as:

- Health Canada Product Monograph.
- recognized clinical guidelines.
- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- your response to preferred drug therapy.

If not, your claim will be declined.

See *How to Connect with Sun Life Financial* at the beginning of this booklet for information on how to obtain our prior authorization forms.

When coverage ends

See the Benefit Summary at the beginning of this booklet to see when your coverage ends.

Payments after coverage ends

If you are totally disabled, as defined in the contract, when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

What is not covered

We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integrating with government programs*.
- implanted prosthetic or medical devices (examples of these devices are gastric lap bands, breast implants, spinal implants and hip implants).
- equipment that we consider ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools and humidifiers).
- services or supplies that are not usually provided to treat an illness, including experimental or investigational treatments as defined in the contract.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

Integrating this plan with government programs

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is the remaining portion of the expense that the government program does not pay or make available, regardless of:

- whether you have made an application to the government program,
- whether your being covered under this plan affects your ability to be eligible for or entitled to any benefits under the government program, or
- whether there are any waiting lists.

Dental Care

General description of the coverage

The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the associate and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable expenses**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service	It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.
Claiming when the expense is incurred	<p>You must claim an expense for the benefit year in which you incurred the expense.</p> <p>The benefit year is indicated in the Benefit Summary.</p> <p>You incur an expense on the date your dentist performs a single appointment procedure.</p> <p>For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.</p> <p>See the table Instructions and Time Limits for Sending Us Your Claims at the beginning of this booklet for information about when and how to make a claim.</p>
Reimbursement level	<p>Claims will be paid up to the reimbursement level under this plan.</p> <p>For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.</p>
Maximum benefit	Maximums are indicated in the Benefit Summary.
Restriction on payments	If you apply for coverage either for yourself or your dependents more than 31 days after becoming eligible, the maximum amount we will pay is the <i>late applicant maximum</i> indicated in the Benefit Summary.

Getting an estimate before you have certain procedures

For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:

- you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost.
- both you and the dentist will have to complete parts of the claim form.
- we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.
