## **AN OVERVIEW OF YOUR GROUP COVERAGE**

---

Nutreco Canada, hereafter called Nutreco, has provided a program covering your medical and financial security. This program is offered to you through Medavie Inc. and Blue Cross Life Insurance Company of Canada.

The information contained in this booklet is an overview of the provisions of the policy between Nutreco, Medavie Inc. and Blue Cross Life Insurance Company of Canada. Included is a summary of your benefits and pertinent information that you will require to optimize the coverage available to you and your family.

This booklet together with your identification card contains important information and must therefore be kept in a safe place.

Where legislated, you have the right to request a copy of the group policy details pertaining to your insured coverage, a copy of your application for benefits, and any written statements or other records provided to Medavie Inc. and Blue Cross Life Insurance Company of Canada as evidence of your health. You may also request, with reasonable notice, a copy of the contract for insured benefits. The first copy will be provided at no cost to you. A fee may be charged for subsequent copies. All requests for copies of documents should be directed to Medavie Inc.

Please note that the masculine gender has been used indiscriminately throughout this document in order to facilitate its reading.

### ***Group Insurance Eligibility***

To be eligible for group coverage, you must be a permanent employee who is a resident of Canada, covered under your provincial government plan, actively at work and working a minimum of 30 hours per week on a regular basis and have completed the waiting period. The waiting period for your group plan is following three months of continuous employment.

To participate in your group plan, you must complete the coverage forms that are provided to you and forward them to your group administrator.

Your dependents are covered on the date you become covered, or on the date they become your dependents.

If not actively at work when you would normally have become eligible, your coverage will commence when you return to work on a full-time basis.

### ***Definition of Dependents***

Your dependents are:

- a) Your spouse, who is the person to whom you are married, or the person that you introduce as your spouse and with whom you have been living in a conjugal relationship for at least one year.
- b) Your unmarried children who are your financial dependents and
  - are under 21 years of age, or
  - are under 25\* years of age if full-time students attending an institution providing instruction at a secondary, college or university level, as a duly registered student, or
  - regardless of their age, if they live with you and have become totally and permanently disabled before age 21 (or age 25\* if a student).

\* Subject to applicable legislation.

The duly completed claim form must be sent to Medavie Inc. no later than 24 months after the date on which expenses were incurred or within a time agreed upon by Medavie Inc. when contract terminates.

Pay direct drugs (those provided by a pharmacy) - simply show your identification card and the provider will arrange to bill Medavie Inc.

#### **Extended Health Benefit**

Complete the claim form, if applicable, attach the original receipts and forward to Medavie Inc. (See contact information).

The duly completed claim form must be sent to Medavie Inc. no later than 24 months after the date expenses are incurred or within a time agreed upon by Medavie Inc. when contract terminates.

## **AN OVERVIEW OF YOUR GROUP COVERAGE**

---

### **Travel Benefit**

Please call the toll free number on the back of your identification card for assistance when an unexpected illness or injury occurs while travelling outside your province of residence.

Every effort will be made by Medavie Inc. to direct you towards the appropriate medical treatment and assist you in making payment to the providers of service and coordinate with your provincial government plan. However, under certain circumstances, Medavie Inc. will require you to obtain and directly send original, detailed receipts for all expenses incurred outside your province of residence to your provincial government health plan for their consideration and payment. Please ensure you retain a copy of these receipts as you will need to submit them along with the provincial government health plan proof of payment statement directly to Medavie Inc. (See contact information). This procedure should be followed when purchasing drugs, incurring medical services not pre-approved by Medavie Inc. (some exceptions may apply) and when incurring medical services within Canada (that will be covered by your provincial health plan). Please provide your identification number when submitting a claim to Medavie Inc.

Claims for services outside of Canada are paid by Medavie Inc. in Canadian currency based on the rate of exchange in effect at the conclusion of the services.

The duly completed claim form must be filed with Medavie Inc. no later than six months after the date expenses are incurred.

### **Dental Benefit**

Reimbursement can be made electronically through the CDA Net; you must present your identification card to your dentist at every visit. Two reimbursement options are possible depending on your dentist's preference:

- a) You only have to pay for the excess expenses not covered by coinsurance. The coinsurance amount is paid directly to the dentist by Medavie Inc.; or
- b) You pay the total amount requested by your dentist and you will receive in the next few days the portion of the expenses refundable by your plan.

If, however, your dentist cannot use the electronic transaction network, complete and submit a dental claim form with original receipts to Medavie Inc. (See contact information). The duly completed claim form must be sent to Medavie Inc. no later than 24 months after the date on which expenses were incurred or within a time agreed upon by Medavie Inc. when contract terminates.

Note: For coverage purposes, you and your dependents are deemed covered under the Hospital and Health Insurance Act in your province of residence.

### **Hospital, Travel, Drug, Extended Health Benefit and Dental Benefits**

Claims will be administered by the Blue Cross plan in the Covered Employee's province of residence.

### **Group Life Benefit**

Proof of claim must be submitted as soon as reasonably possible after the loss, and in no event later than one year from the date of the loss.

### **Short Term Disability and Long Term Disability Benefits**

Written notice of proof of Total Disability, duly signed by the parties, must be provided to Blue Cross Life Insurance Company of Canada within ninety (90) days immediately following the end of the Elimination Period.

If the contract terminates, proof of claim must be provided to Blue Cross Life Insurance Company of Canada as follows:

- with respect to Short Term Disability Benefits, within three months of the onset of the disability or that period required by applicable provincial legislation,
- with respect to Long Term Disability Benefits, within six months of the onset of the disability.

### ***Limitation Periods for Legal Action***

Every action or proceeding against an insurer (i.e. Medavie Inc. and Blue Cross Life Insurance Company of Canada) for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act.

### ***Coordination of Benefits***

If you or one of your dependents is covered under another health plan, the benefits payable under this plan and any other plan will be coordinated so that payments from all sources do not exceed the expenses actually incurred. Coordination of benefits will be done in accordance with the guidelines of the Canadian Life and Health Insurance Association (CLHIA).

The benefit payable to you or one of your dependents follows the order described below:

- a) The benefits payable under a plan that does not include a co-ordination of benefits clause are payable before those which would otherwise be payable under this plan.
- b) The benefits of any plan that includes a co-ordination of benefits clause are payable in the following order:
  - the plan where you qualify as an employee
  - the plan where you qualify as a dependent

If you (or one of your dependents) are covered under more than one plan as an employee, benefits are payable in the following order:

- the plan under which you are an active full-time employee,
- the plan under which you are an active part-time employee,
- the plan under which you are a retiree.

For the co-ordination of benefits for dependent children priority will go to the plan of:

- the parent with the earlier birth date in the calendar year,
- the parent whose first name begins with the letter that comes first in the alphabet, if both parents have the same birth date.

Dependent children whose parents are separated or divorced; priority will go to the plan of:

- the parent with custody of the child,
- the spouse of the parent with custody of the child,
- the parent who does not have custody of the child,
- the spouse of the parent who does not have custody of the child.

### ***Coordination of Benefits (Cont'd)***

When the benefits due under this policy are payable after any other plan, the benefits payable are equal to the lesser of the following amount:

- a) The total benefits that would have been payable in the absence of the Coordination of Benefits provision,
- b) The total eligible expenses under your current plan less the benefits payable under any other plan. The benefits payable under any plan include those which you or one of your dependents would have been entitled had you duly submitted a claim.

"Plan" shall mean any coverage providing payment for medical treatment, services or supplies under any group, family, creditor or savings insurance coverage, and/or any government-sponsored plan providing coverage for similar care.

## **LIFE BENEFIT**

---

The Life Benefit plan offers the amounts of Life Benefit protection required to meet your needs as well as those of your dependents.

### ***Basic Life Benefit***

Your Basic Life Benefit amount is as specified in the Summary of Benefits.

Coverage terminates when your employment terminates, at retirement or at age 70, whichever occurs first.

### ***Optional Employee and Spousal Life Benefit***

You or your spouse may subscribe to the Optional Employee and Spousal Life Benefit in \$10,000 increments, as stipulated in the Summary of Benefits.

The Optional Life Benefit coverage terminates when your employment terminates, at retirement or upon reaching age 70, whichever occurs first.

### ***Optional Dependent Life Benefit***

You may subscribe to the Optional Dependent Life Benefit in \$5,000 increments, as stipulated in the Summary of Benefits.

The dependent's coverage terminates concurrently with your coverage termination, or when they are no longer eligible as dependents, whichever occurs first.

### ***Naming of Beneficiary***

You are required to name your beneficiary for your Life Benefits.

If you designate "estate", be sure you have a will, otherwise estate taxes will apply. If you name a child who is under age 18, benefits cannot be paid directly to that child. You must indicate on the beneficiary designation form that the beneficiary is "in trust"; if a benefit becomes payable, the payment will be made to a designated trustee. Be sure to provide the full name and relationship of the trustee.

If you are a resident of Quebec: The appointment of your spouse as a beneficiary is irrevocable, which means it cannot be changed without your spouse's consent, unless you specify that the designation is revocable.

If two or more beneficiaries are designated (other than alternatively), and no division of the benefit is declared, then the benefit is payable to the beneficiaries in equal shares.

If your beneficiary predeceases you, and you have not indicated this beneficiary's share of the Life Benefit, the deceased beneficiary's share is payable:

- To the surviving beneficiary,
- To the surviving beneficiaries in equal shares, if there is more than one surviving beneficiary, or
- To your personal representative, if there is no surviving beneficiary.

You can change your beneficiary at any time (unless you have designated an irrevocable beneficiary) by completing a beneficiary change form available from the Cardholder Site or from your group administrator.

### ***Advance Payment Due to Terminal Illness***

If you are diagnosed with a terminal illness that is expected to result in your death within 12 months, a lump sum advance equivalent of up to 50% of the amount of the Basic Life Benefit or \$50,000, whichever is less, may be deducted from your death benefit and paid to you. This sum may be used at your discretion.

## **LIFE BENEFIT**

If you become totally disabled before your 65th birthday, your life benefit and Dependent's Life Benefit premiums are waived, beginning on a) the first of the month falling on or following the date you become eligible for Long-term Disability Benefits, if any or b) the expiry date of six consecutive months of total disability, whichever occurs first, provided satisfactory evidence of total disability is submitted to Blue Cross Life Insurance Company of Canada.

- d) The date you reach age 65.

### ***Exclusions***

If you or one of your dependents die as a result of suicide or any attempt thereof in the 24 months following the effective date of the Optional Life Benefit or increase thereof, the Optional Life Benefit or its increase is not payable. In this particular instance, Blue Cross Life Insurance Company of Canada's obligation is limited to the refund of paid premiums.

### ***Conversion Privilege***

If your employment terminates on or before you reach age 65, you may request, within 31 days of such termination, to convert your coverage to an individual coverage policy, up to \$200,000 or higher where required by applicable provincial legislation without having to submit evidence of health. The individual coverage premium is determined according to Blue Cross Life Insurance Company of Canada's rate schedule in force at the time of conversion, taking into consideration the amount of coverage, your age and the risk category to which you will belong at the time.

Your spouse, or where required by provincial legislation, dependent child, is also entitled to this conversion right to an individual coverage policy within the 31 days of your coverage termination or the 31 days of the date he ceases to be eligible as a dependent spouse or dependent child.

This conversion option also applies to termination of coverage which becomes effective at specific ages.

## **SHORT TERM DISABILITY BENEFIT**

---

If you are absent from your work as the result of an accident or an illness, you are entitled to benefits for each day of disability up to the number of weeks specified in the Summary of Benefits. Benefits are paid from the expiry date of the elimination period, which is the number of consecutive days at the start of disability and for which no benefits are payable under the policy. The elimination period is specified in the Summary of Benefits.

The elimination period is calculated in working days and the benefits for each working day of total disability are equal to 1/5 of the weekly benefit.

### ***Total Disability***

For the purpose of the Short Term Disability Benefit, total disability means that you are unable to perform the regular duties of your own occupation. A disability beginning more than 30 days after an accident is considered as resulting from an illness.

### ***Recurrence***

Successive periods of disability, resulting from the same cause or related causes, are considered one period of disability unless they are separated by at least two consecutive weeks of full-time work. Successive periods of disability due to totally different and unrelated causes are considered a same period of disability unless you completely recovered from the first disability when the second began, and have returned to work actively, full-time and with full pay for at least one entire day.

### ***Reduction of Benefits***

Weekly benefits are reduced by an amount equal to the benefits payable by the following:

- a) Any provincial automobile insurance plan in which benefits payable under Employment Insurance are not taken into account,
- b) The Canada Pension Plan or the Quebec Pension Plan.

The weekly benefits are reduced even if you fail or refuse to exercise your right to such benefits under the aforementioned acts and plans.

No weekly benefit is payable during any of the following periods:

- a) Period during which you are entitled to receive remuneration from any occupational health and safety board,
- b) Period during which you are on paid vacation,
- c) Period during which you receive or are entitled to receive remuneration from Nutreco,
- d) Period during which you receive maternity benefits under any provincial or federal law,
- e) A maternity or parental leave taken in accordance with any provincial or federal law or any agreement between you and Nutreco.

No benefit is payable for any total disability resulting directly or indirectly from any one of the following causes:

- a) Voluntary injury, whatever your state of mind at the time of the incident,
- b) Injury sustained during active participation in a civil commotion, riot or an insurrection, unless while performing the duties of your occupation, or injury sustained during a war,
- c) Injury sustained while perpetrating or attempting to perpetrate a criminal act.

## **SHORT TERM DISABILITY BENEFIT**

---

No Short Term Disability Benefit is payable if the disability begins during an authorized leave of absence without pay, a temporary lay-off, a disciplinary suspension without pay, or imprisonment.

If the disability occurs during a period of absence during which this benefit has remained in force and the premiums have been paid during such absence, the elimination period begins on the first day of disability, but benefits will not be paid before the expiry date of the elimination period, or before the expected date of return to work, as notified to Blue Cross Life Insurance Company of Canada in writing before the beginning of the absence.

### ***Rehabilitative Employment Program***

If, while receiving weekly benefits payable hereunder, you can participate in a rehabilitative employment program approved by Blue Cross Life Insurance Company of Canada:

- a) Total disability will not be considered as having ended for the sole reason that you participate in the program,
- b) If, while participating in such a rehabilitation program, you again become totally disabled, your benefits will revert back to the amount you received before the start of the rehabilitative employment program,
- c) During the rehabilitation program, the weekly benefits payable hereunder will be reduced as necessary so that the total income from all sources does not exceed 100% of your pre-disability earnings.

### ***Loss of the Right to the Benefits***

Even when totally disabled, the right to receive benefits may be revoked, if:

- you refuse to undergo a medical examination requested by Blue Cross Life Insurance Company of Canada,
- you fail to produce proof satisfying Blue Cross Life Insurance Company of Canada of the persistence of disability,
- you engage in remunerative work,
- you refuse to take part in a rehabilitation program that is reasonably appropriate in the opinion of Blue Cross Life Insurance Company of Canada.

### ***Termination of Benefit***

The Short Term Disability Benefit ends upon termination of your employment, at retirement or when you reach age 65, whichever occurs first. If you are disabled when you reach age 65, benefits will continue to be paid for a maximum of 15 weeks. For example, if you have been receiving benefits for 10 weeks on your 65th birthday benefits will continue for another five weeks before ending entirely.

## **LONG TERM DISABILITY BENEFIT**

---

If your total disability continues beyond the elimination period specified in the Summary of Benefits, you may become eligible for Long Term Disability benefits. Payments begin following the elimination period, with payments being made on the last day of each month. The benefit is equal to 1/30 of the month for each day of total disability.

### ***Total Disability***

For the purpose of the Long Term Disability Benefit, total disability means:

- a) During the elimination period and the following 24 months, you are totally and continuously unable, as the result of an illness or accident, to perform the regular duties of your own occupation; and
- b) Subsequently, you are totally and continuously unable, as the result of an illness or accident, from performing the regular duties of any occupation,
  - that would enable you to earn at least 60% of your pre-disability earnings,
  - for which you are reasonably qualified, or may so become, by training, education or experience.

Regular duties are defined as those work-related activities which are considered essential to your performance in the occupation and which proportionately take the majority of time to complete.

The availability of such occupations, jobs or work will not be considered while assessing your disability.

The loss of a professional or occupational license or certification does not, in itself, constitute disability.

### ***Recurrence***

Successive periods of total disability separated by less than six months of continuous active employment are considered one period of disability, unless the new disability is due to an illness or accident totally unrelated to the cause of the previous disability and commences only after your return to work.

When successive periods are considered one period of total disability, the elimination period is not applied a second time and the same amount as for the initial total disability is payable less any payments already made, for the remainder of the maximum period originally set.

### ***Rehabilitation Program***

If, while receiving monthly benefits, you participate in a rehabilitation program approved by Blue Cross Life Insurance Company of Canada:

- a) The total disability will not be considered as having ended for the sole reason that you participate in such a program,
- b) The monthly benefits payable hereunder will be reduced by 50% of the remuneration you receive from such a rehabilitation program,
- c) If, while participating in such a rehabilitation program, you again become totally disabled, your benefits will revert back to the amount you received before the start of the rehabilitative employment program.
- d) During the rehabilitation program, the monthly benefits payable hereunder will be reduced as necessary so that the total income from all sources does not exceed 100% of your pre-disability earnings.

## LONG TERM DISABILITY BENEFIT

---

### ***Pre-existing Condition***

A pre-existing condition is an injury or an illness for which you have consulted a physician or received medical treatment, care or services (including diagnostic measures) or have been prescribed medication, during the same three month period immediately preceding the effective date of your coverage.

Long Term Disability Benefits are not payable for any disability caused by or resulting from a pre-existing condition unless:

- you have not consulted a physician, received medical treatment, care or services (including diagnostic measures) or have not been prescribed medication for any six consecutive months within the 15 month time period beginning three months before and ending 12 months after the effective date of your Long Term Disability coverage, or
- the disability begins after 12 consecutive months of employment from the effective date of your coverage.

### ***Integration of Benefits***

The amount of monthly Long Term Disability Benefit to which the covered employee is entitled as of the date of disability will be coordinated with other income payments to which he becomes entitled as a result of the current disability. The benefit co-ordination shall be applied as follows:

1. The amount of monthly benefits otherwise payable is first reduced directly by any disability benefits available under the Canada or Quebec Pension Plan (primary benefits only) and the Workers' Compensation Act.
2. The amount determined in 1. above is further reduced if necessary, so that the amount of monthly benefits, together with "income from all other sources" and the direct offsets in 1. above, does not exceed 85% of pre-disability salary. "Income from all other sources" includes:
  - disability benefits available under any other government program that are payable to the disabled employee,
  - retirement benefits provided by any employer or government program,
  - income or benefits payable under any group program provided by or through the employer,
  - income or benefits payable under a plan sponsored by an association, union or fraternal organization of which the covered employee is a member,
  - income replacement benefits payable under any plan of automobile insurance, where such reduction is not prohibited by law, and
  - wages or remuneration payable from any employer or from self-employment, but excluding 50% of pre-disability salary received under an approved rehabilitation program. (For non-taxable plans, pre-disability salary shall mean gross salary minus income tax. For taxable plans, pre-disability salary shall mean gross salary).

During the period of an approved rehabilitation program, the amount of monthly benefits as defined above, will be further reduced if necessary, so that the amount of monthly benefit together with all amounts of income mentioned in 1. and 2. above, including 100% of the remuneration received from an approved rehabilitation program, does not exceed 100% of the pre-disability salary.

### **Canada/Quebec Pension plan freeze**

Once the initial CPP/QPP offset has been established on a Long Term Disability claim, it will not be changed due to cost-of-living adjustments to the CPP/QPP payments.

## **LONG TERM DISABILITY BENEFIT**

---

### ***Limitations and Exclusions***

Long Term Disability Benefits will not be payable if disability, illness, injury or accident occurs while participating in or while engaged in any criminal activity, regardless of whether charges are laid or a conviction obtained.

Long Term Disability Benefits are not payable for any of the following:

- a) Any period of disability during which you are not under the appropriate treatment and care of a physician who is a registered medical specialist or health care practitioner in the field of medicine that is applicable to your condition,
- b) Any period during which you are not undergoing a course of medical treatment or participating in a program of rehabilitation that is deemed appropriate in the opinion of Blue Cross Life Insurance Company of Canada,
- c) Any period during which you are imprisoned,
- d) Any disability due to or resulting from self-inflicted injury or sickness, while sane or insane,
- e) Any disability due to or resulting from insurrection, war (declared or not) or the hostile actions of the armed forces of any country, or the participation in any riot or civil commotion,
- f) Any disability during the period:
  - of formal maternity leave taken by you pursuant to provincial or federal law, or pursuant to mutual agreement between you and Nutreco, or
  - in which employment insurance maternity benefits are being paid or would be paid if you were eligible, whichever is longer.

### ***Termination of the Right to Benefits***

Even when totally disabled, the right to receive benefits may be revoked, if:

- a) You refuse to undergo a medical examination requested by Blue Cross Life Insurance Company of Canada.
- b) You refuse to participate in a medical or rehabilitative employment program judged reasonable and appropriate by both Blue Cross Life Insurance Company of Canada and your attending physician.
- c) You fail to produce proof satisfying Blue Cross Life Insurance Company of Canada of the persistence of disability.
- d) You engage in remunerative work, unless it is part of a rehabilitative employment program.
- e) You move or live temporarily outside Canada, unless you have notified Blue Cross Life Insurance Company of Canada in writing and Blue Cross Life Insurance Company of Canada has given prior approval.
- f) Your disability no longer meets the policy definition.

In any event, benefits terminate at your retirement, when you reach age 65 or when the benefit period specified in the Summary of Benefits expires.

## **LONG TERM DISABILITY BENEFIT**

---

### ***Waiver of Premium***

If you are totally disabled, any premium due under this benefit will be waived commencing with the first full calendar month following the expiration of the elimination period until such time as you return to active full-time employment.

### ***Termination of Benefit***

The Long Term Disability Benefit ends upon termination of your employment, at retirement or when you reach age 65.

## **DRUG BENEFIT – IN CANADA ONLY**

---

### ***Applicable to Quebec Residents***

When you and your spouse reach the age of sixty-five (65), you have a decision to make regarding your drug coverage.

### ***Decision to join the RAMQ plan at age 65***

When you or your spouse reaches the age of sixty-five (65) you may choose to be insured under the basic prescription drug insurance plan provided by the act respecting prescription drug insurance (RAMQ's plan) rather than to maintain complete drug coverage under the group insurance plan. Such choice is then irrevocable.

If, at age sixty-five (65), you choose to be insured under the RAMQ's plan, you and your dependents, regardless of their age, will no longer be eligible for coverage under the group insurance plan (except for supplementary coverage, as mentioned in items a) and b) below).

If, at age sixty-five (65), your spouse chooses to be covered under the RAMQ's plan, then he will no longer be eligible for coverage under the group insurance plan (except for supplementary coverage, as mentioned in items a) and b) below).

However, you and your dependents who have joined the RAMQ's plan remain covered under the group insurance plan for the expenses indicated below:

- a) the deductible and the coinsurance paid by the insured under the RAMQ's plan; and
- b) subject to the deductible and the percentage of reimbursement mentioned in the benefit summary for drug coverage: the reimbursement of any prescription drug which does not appear on the list provided by the RAMQ, but which is covered under the insurer's list of drugs.

### ***Decision to cancel registration with the RAMQ at age 65***

When a Quebec resident reaches the age of sixty-five (65), he is automatically registered by the RAMQ as a beneficiary of its prescription drug coverage. When you or your spouse reaches the age of sixty-five (65) you must therefore cancel your automatic registration with the RAMQ plan in order to continue full drug coverage under the group insurance plan.

### ***Termination of Coverage***

The Drug Benefit ends at your retirement, termination of employment or the age noted in the Summary of Benefits, whichever occurs first. The coverage for eligible dependents ends when your Drug Benefit terminates or on the date they no longer meet the definition of dependent, whichever occurs first.

### ***Survivor Benefit***

After your death, your dependents continue to be covered up to the earliest of the following dates:

- a) 12 months after the date of your death,
- b) The date they cease to be eligible dependents,
- c) The effective date of any similar coverage with another insurer, or
- d) The termination date of the group policy.
